“ *Michael and I wish to express our deepest sympathies in the passing of Aunt Venus. She was a jewel and will be greatly missed! A tender memory that we will always cherish is how she shared with our children, Megan and Matt, when they were just little tykes. When she was visiting or even if she just "ran into them" she would always want to give them a "George Washington" which happened to be a one dollar bill. This became quite a habit and they kids would always look forward to it. It was just something endearing they shared among themselves. Our thoughts and prayers are with all of you in the days of healing and readjustment that are ahead. Love, Michael and Lynnette*

“ *Venus always had a smile. My mother Lucinda Johnson Bledsoe loved Venus. The way mommy talked they grew up close and was like sister. What a reunion they are having ! I will miss Venus. My thoughts and prayers are with the family.*
