“ I am saddened to learn of the passing of my childhood friend. James and I along with several others in Bonny Blue played in and explored the mountains and played games over in the bottom. I remember times we picked cherries and Lilly baked us pies and I remember one time that James and I were walking down the railroad track and he stepped in a "yellow jacket" nest with him getting stung probably 30 times and me just a couple. We ran and jumped into a pool of water in the creek we all called the cub-board (don't know how it would be spelled). I could go on with many other stories but I think you understand that growing up we were playmates and friends.

I hope Mary and the family are comforted by the presence of the Holy Spirit and know that I regret that I can't be present at the service. I will be praying for you.
