*Sending prayers to Kim's family. I was lucky to get the chance to taking care of her with others too. She will and has always had a place in my heart. May she rest in peace. I will forever cherish all the memories I had with her and taking her to doctors appointments and once to the movies and to the grocery store and to other outings. Her smile and laughter will never be forgotten. Love you always Kim. 🥹❤️🙏.*

“ Kim has always been a joy to be around. She always had such a light about her that would just light up the whole room no matter where you were. She was so incredibly sweet. Once the sickness within her body began taking over her light remained until it was time for Jesus to call her home. We may never understand why Jesus needed her more but I am forever grateful to know that she is walking the golden streets and talking with everyone she loves. Oh what a beautiful reunion heaven is having once again. It was truly a blessing to be able to know and love sweet kimmy.

“ I don't really have the words to express my feelings. I am happy that Kim is free of sickness but I know that this world is worse off without her in it. A pure and beautiful soul. We are sending our love to all of you.

“ So many wonder memories from going for walks in her wheelchair. To getting her to walk and get all excited. I loved watching movies with her. Chasing mom around the kitchen into the bathroom. Your laugh was addicting to laughing rven harder. Josh remembers most giving her her meds with pudding. I love you girl! I will always remember your hugs and kisses
