“ *Jesus told a woman who had been sick for 12 years, “Daughter, your faith has made you well. Go in peace, and be healed of your affliction.” (Mark 5:34) But Jesus did more than heal the sick. God gave Jesus power over death as demonstrated when he raised his dear friend Lazarus (dead 4 days) back to life on earth. So Jesus will unlock the gates of the grave, just as he ordered that the stone of Lazarus’ tomb be rolled away. (John 11:40-44) Jesus’ kingdom government will bless mankind with eternal life and so much more. I pray this wonderful promise can help you cope now and give you hope for the future. Please accept my sincere condolences.*

Nancy was an inspiration to me from the time I met her at church. She started going with our group to eat and visit the homebound members. She had such a wonderful spirit and such strength and determination, and was always smiling with a great personality. She loved her grandchildren so much and talked about them all the time. God bless you Trent and Angela for all you did for her these last years of her life.

“ I really loved visiting with Nancy when she came to visit Marlise and Jay and family. In years past, we talked about many things and laughed a lot. She had a ready smile, a sparkle in her eyes and a quick wit. I feel blessed to have known her and I am so thankful that she is out of her suffering. Love you, Nancy. Peggy.

Please let me know if you need anything. Our prayers are with you. She has now gone off with the Lord and has shed this terrible disease.*
