“ If it wasn't for Nat Cridlin there would be zero state trophies at Lee High. He was the driving force behind that team and should always be remembered that way. I had my first class with Nat in the 7th grade and have loved him since. I will miss you my friend.

“ Tammy,
Passing notes in geometry class so long ago, I would never have thought I'd send this note to you. Tammy, I am so, so sorry for your loss. My deepest sympathy for the family. When Mom died, someone said to dad "the first 18 months are the worst but it gets better". When Rusty died, I clung to that advice. I want you to know that the next 18 months will be hard. Hard to not cry when you see a picture or a project he worked on. Be easy on yourself for that. But after 18 months, you will find you will smile when you see his picture or project. You'll remember how he mashed his thumb working on that or what he said when the picture was taken. It doesn't get less tragic, but it gets easier to cope. If you need to talk or cry, give me a call. I have a shoulder. I've decided to not attend the memorial because of dad, his advanced age, and crowds. Again, I am so sorry. You are stronger than you ever knew. You are in my thoughts.
