“ So many memories with Pat... beginning when she and Jack would come to our house to play Rook with mom and dad when I was still in high school. Over the years we shared lots of fun times together and she became like a sister to me. My favorite memory is the 2-wk trip that Jane & I shared with Pat and Jack traveling across country together enjoying the beauty that God created.

My heartfelt THANKS to Marsha and Mike for being there for Pat after Jack passed. You were a constant in her life over the last few years when she needed you most. She loved you both and thought of Marsha as a daughter. God bless you!!

Pat, although I love and will miss you greatly I know it was your desire to be reunited with Jack and Jackie.

*In loving memory,
John Roop*

“ I can remember visiting Buster and Ella Mae when I was a kid. We are some kin but can never remember how. Over the years we would see Patsy now and then . She seemed like a really nice person. I know we were kin through one of my Grandparents. Elizabeth Barnett Reece and Mike Reece.
